This guide now contains 4 methods of instagram money making. Method #2 will be helpful if you can copy/replicate a certain webpage I give you. Due to the large amount of people who may buy this book I cannot support everyone in replicating/website setup. My support only will help with the Instagram aspect of that method. Purchasing this guide will mean you understand this term of condition, You've been warned.

Could i get a vouch copy? Ill be sure to post my honest opinion. Good luck on sales.

Amnesia420 - September 12, 2016, 2:46 pm

If you would like to have a honest review. HMU buddy ?

Xerxes. - September 13, 2016, 3:54 pm

Let me know if anyone is interested in this or has questions.

Let me know if anyone is interested in this or has questions I am online now!

Freddy Kru?ger - September 14, 2016, 4:56 pm

OP has given me a vouch copy of his book, below is my completely honest review.

Originality: 6/10

The book doesn't bring any unique or special methods to the table, anyone with decent experience in social network money making will probably know all this already, but if you're new to the scene then this is a great e-book to get as a start.

Time: 10/10

The book's content is easy to read and very straight forward, the author gets straight to the meat and potatoes without wasting anytime, the book literally took me a couple of minutes to read and understand.

Method: 7/10

Like I said above, there is nothing really game breaking here but it's a great book for beginners looking to get into the instagram game, the author sets you up with everything you need to start making money.

Design: 9/10

Simple and easy to read layout, no walls of text and it won't feel like a chore to read. I have seen many e-books that were annoying as fuck to read, gladly this isn't one of them. The design isn't flashy or anything like that but it doesn't need to be.

Overall a great book if you're a beginner when it comes to instagram money making, but veterans

will find nothing new here, thanks for reading my honest review.
