Thread: [big black guy pressed me at my gym \(marine guy\)](#)

forfor2020 - September 12, 2016, 10:45 pm

So about 2 months ago I went to this fest thing on the canal side. It was a carnival like thing and there is always some marine booth. Now they have this pull up things and I want to go to test myself. I went to test myself and the I notice this very huge muscular black guy in a marine suit. He tells me to fell this card out and that if I am interested in joining. he was really scary and intimidating so I said I don't think so but he kept pressuring me and he told me to give my number. (I gave him all fake info). I then went back to the fest 4 days later and he saw me and yelled for me to come over. I quickly run.

now 2 months later I see him at my gym out of no where...I was shitting he was repping 405 like i twas a fucking joke. I was benching and he comes up to me and says "hey you are the pussy bitch who ran from me 2 months ago?" (gym was dead so no one around us really). I told him idk who you are. he then sas don't play dumb and saying I gave him fake info then he told me I was a disgrace and I'm a piece of shit for lying to a marine.

i then quickly ran from him grabbed my shit and I think he got worried that i was gonna call the cops but anyways I walked out of gym and he followed me too once I was out and he said run pussy boy, and then he said next time i see you im gonna get fucked up :(

dude is 10x my size too :(all i wanted was to lift but now i cant do that

That's why you don't fuck with marines.

Demonstrate - September 12, 2016, 10:47 pm

You can try to get in contact with his superior. This can easily lead to some type of suspension, cut in pay, etc.

Politely ask him to stop bullying you.

Ambien - September 13, 2016, 2:41 am

you guys ever think about how insignificant this is to your life? this thread? any thread on hf? none of this matters. nothing you will ever learn from this forum or any institution is bullshit. nothing

matters in your life unless you construct it from within yourself. if you follow a trend, if you worship a celeb, if you adjust your diet to some stupid meme like veganism, vegetarianism or whatever you're a fucking sheep and have no clue about shit, you dumbass. it's all the same thing, ok?

religion, veganism, being a new age cunt, conservative, republican, democrat, liberal, it's all the same thing. i fucking hate this forum so much but i feel so inclined to help all of you break free from the coils of society and start your own life.

Lol.. no matter how big someone is just kick his knee in a fight and the fight is over if you do it correctly. He will have problems with his knee for the rest of his life after that.

Nex time you see him, hear him out on what he has to say. Then ask him why he wanted your details, if it was for recruitment say "I don't want to be recruited".

I don't think you're in the wrong OP, assuming this isn't a joke, why the fuck are you acting like a pussy? If you don't want to do something, say so. If he asked you to drop the soap would you agree?

You would actually don't bother answering that
