I'm searching for a trusted member to give him a demonstration to get a trusted vouch, in any case i have many vouches on the post linked in the thread and [HERE](#). Don't start asking 'why do you have 2 identical thrades?' , it is because in the newest i added the link to this thread and to my discord (yes i'm thinking about an upgrade to close the oldest one ^^).

any attempt i have made to buy any amount under \$5 has either been ignored or blown off. therefore i feel this service is of low quality until further notice.
