Thread: [\[Proof\] Yeezy Add To Cart Service! Refund if you can't checkout \[Cheap\]](#)

~HF~ - September 13, 2016, 1:50 pm

Hello, going to make this sweet and simple. Since this is HF im not going to be selling an autocheckout service but instead a Add to cart service. I backdoor a pair of the yeezy's into your account adidas cart. I will then log out and let you know its carted so you can checkout. I will make a skype group or something similar and on the day I will assign each person a number. In the skype i will post "1 carted" for example so whoever is 1 can check their account and checkout.

Everyone has to pay before but if for some reason you can't checkout your pair you will be refunded.

Price for this service will be \$150, and the retail price is \$220 (which you pay to adidas yourself).

Please dm me or pm me on HF with questions as this may not make any sense to you at all.

Mr.Peanut - September 13, 2016, 1:52 pm

Would you consider giving a vouch copy to get your sales rolling?

Well considering you would vouch after you get the order confirmation on release date it would be too late but ill post some pictures up of proof tomorrow :)

But thanks for the offer ?

If this works in the UK, I'd be happy to buy a pair.

This will be really cheap so you can still resell them or keep them. The last yeezy drop I got 22/22 pairs for my customers and 6/6 pairs for myself. As always with my service you will receive a full refund if I'm unsuccessful.

Please pm me or dm me on my twitter for more information! (@Supreme_EU_ATC)

Price for these will be \$160 ontop of retail.

Please dm me or pm me on HF with questions as this may not make any sense to you at all. I'm tempted to just risk the scam and go in with my CC on your website. If I have any issues I'll just go straight to the bank and get all of my money back, etc.

Still doing this for the 750 on the 15th?

Borzoi - October 10, 2016, 7:51 pm

I'll buy a bunch of slots for the 750's if the price is reasonable. Please lmk asap

finalstud - October 10, 2016, 8:23 pm

Be wary of using skype for these type of situations. Things may happen when using this software. [username changes, impostors, etc]

~HF~ - October 11, 2016, 2:47 am

Nah sorry guys will have slots open for next yeezy drop. I'm only getting personal resell pairs and testing things on this drop.

?asp3r - December 17, 2016, 5:30 am

I sent you a PM hmu ?:
