Good one

Okay so what really happened is you went on a scamming spree and decided to claim ignorance due to a compromised account?

Alright prove it, use the Ub3r Self Ban system and go 6 months. We'll get this sorted out.

Not if it's only from 3 ISP's in total.

Dynamic IP much?

Nevieth - September 14, 2016, 1:41 am

Someone asked me to post this.

Kuldar - September 14, 2016, 1:42 am

We had a "trade" today my \$120 PP vs his \$120 BTC. I went first, and haven't received BTC.

Tommy Chong - September 14, 2016, 1:42 am

He banned his own ass because it got too hot.

Fucking child gets exposed and runs away

Nevieth - September 14, 2016, 1:42 am

Seems he did what I suggested and self banned. Hope he did 6 months.

Scammer, Stole my \$50 contacting paypal rn to get it back.

Little Johnny - September 14, 2016, 2:11 am

asked me to go \$100 first also haha Never. what a skid throw away your account and dignity for a few hundred dollars that you could make working one weekend lmao

Kuldar - September 14, 2016, 2:14 am

Called PayPal, unfortunately, they can't open a dispute because of that F&F transaction but they are willing to pay me 50% back of that money because I am a member since 2008.

They promised to start an investigation on his account. I hope others who got scammed too will get

their money back!

Cubex-Software - September 14, 2016, 8:57 am

Called PayPal they opened a dispute case. They said its not sure if I will get a refund or not but they try. After few hours this guy updated the case with the following: Tracking Company: Other
Tracking Number: 123123123

So I will get the refund for sure.
Call PayPal and insist in opening a dispute

SwordofJustice - September 14, 2016, 9:02 am

This user is NOT HACKED. Look at my PMs with him last night. He chose to select scam users for smaller amounts so they cannot recover the funds from PayPal.

I doubt thats true but I hope so.
And you gotta resolve all disputes then.

He did the same with me, I've just escalated it to a dispute now, waiting for him to reply again with his stupid bullshit. Hopefully I can get this money back :D
