I still get this message in my pm thing

Code Warning. You have reached your message limit.

To be able to receive messages you will need to delete old messages.

**Secrets** - September 14, 2016, 4:53 pm

you removed it from ya trash bin g ?

**ChakraMode** - September 14, 2016, 4:53 pm

You need to go and delete the messages from your deleted folder.

**Wheezy Gang** - September 14, 2016, 4:54 pm

After you delete them they get sent to your trash bin. You then have to go to your trash bin and delete them.

**Secrets** - September 14, 2016, 4:55 pm

after you've emptied your trash bin and no longer receive the warning message feel free to request the thread closed ?
