Thread: [Cars - Let's Talk Cars](#)

ComponY - September 15, 2016, 3:41 pm

All Ford lovers (unless it's the Ford GT), please excuse yourself from this thread. No, I'm kidding.

Despite all the jokes here's a few questions:

1. What kind of car do you drive?
2. What is your favorite car?
3. What's your favorite engine?

1. Mazda 6
2. Toyota Supra
3. Obviously the 2JZ-GTE which is the stock motor in my favorite car. Also the same inline 6 cylinder that pushes 5.97 seconds in a quarter-mile.

Your turn... ?

I drive a Mazda 3

My realistically wanted car is a BMW M3

My favorite engine is the e30's S14

I used to drive a Mazdaspeed 3, but due to maintenance costs, I sold it and bought a 3rd generation Mazda 3. High 30's MPG and no premium fuel sure feels good on my wallet.

Babz - February 5, 2017, 9:12 am

I drive a 2005 chevy malibu hatchback

My wanted car is a 2006 pontiac GTO

MY favorite engine is a 6.3 v8. The sound is incredible
