Nice thread buddy.

Impaired has been my friend on here for quite some time, I know he's not a scammer and is a really nice genuine guy. Im sure whatever purchases you make from him he will do his best to make you fully satisfied, especially now that he's just starting to go public with this stuff.

I have seen his set up, he forsure does grow salvia.

Good luck homie

How much does the high generally last?

Can i get a tracking # if I were to order it? That way I know when it'll arrive.

I can't comment on anything as far as ingestion goes. I'm not responsible for what you do with it. So if you go on Google and figure out what would happen if you choose to smoke it then that's on you.

With the plain leaf it's just sent like a regular letter via USPS from a mailbox, I cannot offer tracking on them, letters generally arrive within 3-5 business days, I'd notify you the day of shipping.

The live plants however are provided with tracking info and a guarantee that if the plant arrives dead (hasn't happened yet) I will resend one free of charge all I ask is that person handle the shipping.

Hope that answers your questions.
