Sorry, only one vouch copy was available.

Exchange.Service - September 16, 2016, 6:31 pm

Just finished reading the ebook, its a detailed ebook with 9 pages (none of those big font bull crap) I'd definitely pick up the ebook if youre starting or wanting to dox and not sure where to start and it would even be good for intermediate doxers as Max P tells you some great resources in the ebook.

Description - September 16, 2016, 6:46 pm

After receiving a copy of this guide, here is my review:

Grammar 10/10:

His English is fluent and native and there aren't any weird sentences that make you read twice.

Format 9/10:

There was occasionally VERY minor formatting issues, but nothing that affected the guide very much at all.

Methods 10/10:

I've wet my feet with doxing and I have NEVER seen some of the things he shows you how to do in this guide!

Overall 9/10:

This is definitely recommended if you are new to doxing and have no experience whatsoever, but its also very helpful for members who are more experienced as Max shares methods that you won't find on public doxing tutorials.

King of Diamonds - September 16, 2016, 6:53 pm

Vouch for Max P here, I promise you will not be disappointed buying this product.

Reven?nt - September 16, 2016, 7:01 pm

I could definitely use this. Do you guarantee that I will find information on the scammer though? If not, GLWS.

If so, PM me.

Here is my honest opinion: (no sales bullshit)

Anyone can be doxxed. I can't guarantee that you will find what you're looking for because it all depends on how hard you look and how much time you're willing to spend on it. However, I can absolutely guarantee that if you're new to DOXing, that you will find information in here that is KEY to getting you on your feet. This ebook contains what you might find in a mentoring service.

Hope that helped,

- Max P

Vouch for Max P, number 1 pseudothug:

Looks great my dude. GLWS.

Reven?nt - September 17, 2016, 1:31 pm

I just received a vouch copy and this is my review.

Grammar 9/10:

Besides a few misplaced commas, he stayed coherent and clear. Had no issues understanding or following.

Format 10/10:

The format was fine and very easy to follow. No complaints here.

Methods 8/10:

I have seen some of the methods before, however, I am not a beginner when it comes to doxing.

Overall 9/10:

I highly recommend this to anyone who's a beginner. It explains very well how you should go about starting a dox, and what to do when you only have very basic information.

You're clearly retarded. He is on a self ban until the 30th.

- Next time look at the person before posting some stupid shit.

Well doxing other members is still disallowed on HF, whether or not he scammed you.

Wrong.

1. Never said this was to dox HF members.
2. Doxing HF members is allowed. (Posting the information is not)
3. Please at least read the thread (and the rules) before making a ridiculous post like that, thanks.
