Thread: [\[Shopify\] Store is picking up! \\$315 today! Opened another store, \\$100 first day!](#)

Silent Militant - September 16, 2016, 7:07 pm

After a rough month starting my store, this month has been great! Ads are defiantly worth the price to do! Spent only 15\$ on a ad for 30 days on a site and been seeing sales are increasing! 80% is pure profit:)

Should I make a Ebook about this? Pure Profit Right here.:)

EDIT

Just opened a site today and made already \$100, 90% of sales are profit.
