Thread: [SnapChat Broke Cats](#)

Effexion - September 17, 2016, 6:36 am

"MIKEY, SnapChat finally has a cat filter" my steep-son's girlfriend excitedly informed me. "I'll take a picture and send it".

"Wow" my inner voice shrieked a shriek akin to that of an excited 5 year old at Christmas, "I am finally going to see what I look like as a cat". The picture was taken, and sent to me post-haste.

In short, I look like a transgender furry. I look nothing like a cat. They should have just called the mascara and nose filter.

Don't worry about it you look beautiful. As much as a transgender furry can.
