Thread: [\[Official Group Sale\]](#)

**Nobility** - September 17, 2016, 1:31 pm

So yeah...Null's on sale - despite having said bringing back Null. I simply don't have the interest nor time to put in, doing a masters course and working so doesn't leave me much time do anything else. Plus majority of the old Null members have either stopped working in the hacking scene, pending federal investigation, start full time jobs in their field or simply can't be bothered with anything related to HF.

So yeah shoot me your offers only taking BTC escrowed via Omni, because I don't trust you and for your own safety.

Make sure you're approved by Omni & don't say you need time or something or you'll pay over the next few months.

BIN: 6K  
Offers over 5k

Thanks to all the members who stuck around all this time - teamspeak will remain open.

Rip Null. Yeh nobility you are right most the people are inactive on hf. There would be no point continuing it and wasting your time.

EDIT: Read my pm nobility/m it's about null .

**Confound** - September 17, 2016, 2:06 pm

Good luck selling this group dude. It'll be missed, for sure.

\* This is a joke \* i wasn't in null :P

Best, of luck selling your group ?

**Happeh** - September 17, 2016, 4:11 pm

Price still seems relatively steep but good luck regardless. Null was a fantastic group and deserves more praise than it got.

**webdev77** - September 17, 2016, 4:19 pm

Quite understandable on the time commitments that groups do require. While I won't be a group owner anytime soon unless someone were to gift me ownership, it's a great opportunity that is available here. Whoever takes over has a great opportunity waiting for them.

**J?son** - September 17, 2016, 4:23 pm

Sad to see this go, hopefully whoever buys it brings it back to life.

I think its pretty cheap compared to what it was originally trying to be sold for.

GLWS Nobility, heard great things about this group.

**ra1d** - September 17, 2016, 8:05 pm

Hoping that you're not going to sell it super cheap and make the group prices go down.

Would like to see groups keeping their value.

Good luck with your future endeavours.

It's because 80% of these people that bid don't even have the funds. They only want to hang out the big boi and bail out.

Good luck but unfortunately another group owner will break and see for like 4k then the price will go down even more then you will get nowhere near 5-6k because the market will be set again.
