Thread: [How I managed to make \\$10k in 3 months || GIF proof + refresh || 3/5 COPIES LEFT](#)

V For Vendetta. - September 17, 2016, 2:37 pm

GIF PROOF WITH REFRESH: <https://i.imgur.com/BhUH1Wl.gifv>

No fancy thread design. Only selling 5 copies of it, starting at \$100.00 USD, increasing by \$50 per copy sold.

Copy #1: \$100.00 ==> SOLD

Copy #2: \$150.00 ==> SOLD

Copy #3: \$200.00

Copy #4: \$250.00

Copy #5: \$300.00

No vouch copies to be given either.

I made around \$10,000 CAD so about \$7,500 USD.

Completely whitehat, takes about 30-45 mins per day.

You need an investment of about \$50.

Only works in USA and Canada.

You need a bank account, but since this is white hat, that will not be a problem.

Age doesn't matter for this.

Full support + teamviewer if you need it.

Refund if you make \$0.

Pm me on HF to purchase/add my skype: "alishahimtiaz" (without quotes)

Vouch for OP.

HQ and legit user.

Anzee - September 17, 2016, 2:52 pm

Can you show proof that you made the 10k CAD using only this method?

A bank account balance doesn't prove much except that you have 10k CAD which is easily achievable saving your pay from a minimum wage fast food job for 3 months.

It may or may not reveal sensitive information about your method.

Either way, good luck with sales.

Gaara - September 17, 2016, 2:53 pm

I'll buy a copy, pm with your btc addy.

Problem is, recent transactions would reveal the method due to the name of the company.

Humming Bird - September 17, 2016, 3:07 pm

Why would you sell it for a measly \$100 when you made \$10k in 3 months ? Don't give me that bs that you need \$100 LOL

What would you recommend pricing it? I'm being honest with my e-book, and not like some sellers who say \$10,000 per month and sell it for \$25.

Loot Lake - September 17, 2016, 3:13 pm

Pretty sure an ebook making 10k in 3 months should sell for atleast 10k since it would only take 3 months to make that back.

That valuation does not work on HF, as it is a method, and not a legitimate company.

STYLING - September 17, 2016, 3:42 pm

I legit don't know why you're pricing this at \$100, if you claim to make \$7,500 in 3 months (\$2,500) a month.

Technically it will only take a day and a half to make back this ebooks value, because you make

\$83 a day.

Good luck with sales, this looks promising, by the way are you giving out any vouch copies?

Teach me the method (I will put down the required investment, and possibly put more if it might speed the process up) and I will pay you \$300 as soon as I make it from the method. I'm pretty trusted, but the only reason I want to do it this way is because I don't want to buy any more BS mentorships/eBooks. If the method actually works as you said it would, this shouldnt be a big problem

Darkwin - September 23, 2016, 5:20 pm

Id be more than willing to buy this if you're able to front the eBook, Since you made 10k in 3 months i'm assuming i should be seeing profits in under a week.

I have no problem paying you even \$200+ after i've seen profits, Issue is that almost every ebook owner who claims he has a successful method and is selling; isn't willing to do it.

(Sep 23, 2016 05:37 PM)Confound Wrote: [\[CITE\]](#) Seems as though that gif is down. Not working for me.

I love how the success and effectiveness of a "method" is judged by the amount of money the seller refreshes in his online wallets and bank accounts.

We've reached the point where any random kid is making threads saying "buy my secret \$3k a day method look I have GIF PROOF + TRIPLE REFRESH of my paypal!!!! Surely that means my method is successful look guys!!

Just a few months ago nobody in this section would dare to make threads offering methods that claimed to even make you more than \$750 a month.

Some autist went around and did exactly that and he got kids to buy his worthless ebooks, and other HF hoodlums thought "wow I can do this too" and here we are now. Everyone's ebook claims to make you thousands of dollars a month.

Here's a question for everyone. Why the fuck in the last 2 years of kids selling ebooks has no one posted "wow i just became so rich buying RichGangNigga's ebook, I'm making \$2k a week like he promised!!!"

Oh that's right, because as the sellers say, they "didn't have the requirements", they "didn't invest enough time", or "they're not doing the method properly".

Anyways whatever. Let OP do his thing. Let's see if any of his buyers post proof of this method working.

READ BEFORE BUYING:

After posting here on this thread several days ago, I was asked by the OP to contact him in order to work out an arrangement since i've been scammed on eBooks before.

At first OP agrees with my proposal which was for him to 'front' me the method and upon seeing profit, I would pay him \$200 - Afterall the eBook claims to make \$10k in 3 months.

I added him on Skype and conveniently enough he always seemed to be busy/afk and putting excuses work/school/hospital, Eventually OP tried so hard to get \$50 out of me.

For someone who makes \$10k every 3-months he care an awful lot about \$50 and kept requesting a "down-payment, so the eBook isn't leaked". Which leads me to believe that either this eBook itself is another sham like many found throughout this section or the OP got something to hide.

I wouldn't do that either, if you don't like the terms then don't buy it - simple as that.

Except that you're missing the point where i made him the offer and he accepted and then added me on Skype, It isn't about not liking the terms either but rather a way to guarantee that the method actually works - If i don't get paid from the method; then he doesn't get paid either.

Its a win/win or lose/lose situation, Seems more than fair if you ask me specially since i'm giving him \$100 more than what he was requesting.
