This is officially the longest I have ever worked on a single piece of art.
I couldn't be happier with how it turned out.
I'm glad I have been motivated to push myself lately.
I think my art has really improved.

Damn, impressive!
How long did you work on this?

Flxwn - September 18, 2016, 12:33 am

my only pet peeve with this is the stroke around FURY, all in all it's bloody amazing!

obviously you used a tablet yes ?

9 or 10 hours.
I stopped keeping track at the end.
I was too excited to finish.
:P

Step 1. Press Ctrl + A
Step 2. Orgasm

The end result is better than I thought!

Holy shit, this look mad as fuck! Well done dude, did you work on it for 9-10 hours nonstop or breaks

in between?

Motusora - September 18, 2016, 4:42 am

can you post also the original image ?

Holy shit! Been checking out some of your other work as well and I'd have to say that your work is very unique to others on here.

Definitely keep it up man ?
