So i was gifted Red Orchestra 2, along with rising storm DLC.
When i used the code i was gifted an additional 3 Guest passes,
me not having any friends to play with figured i'd just give it away for free, here on hf.

Just write in the comment section that you wish to enter the giveaway,
three people will be chosen randomly using a ticket system hosted by random.org

This will end within 12h, thanks again. <3
