Thread: [CYBER VPN SOURCE CODE VB.NET FOR FREE PROTOCOL \(PPTP & L2TP \)](#)

Rahoz - September 18, 2016, 2:41 pm

Hello Guys

Today I Would Like To Share Cyber VPN Source Code For Free

Really This Source Code Is Not Free ...But I Brought It For Free To Benefit You...

And This Source Code Just For L33t And Ub3A

To Get This Source Code PM Me Then I will Give You For Free....Thanks

Warrio? - September 18, 2016, 2:46 pm

Typing Like This Is Annoying Thank You

thanks for you opinion ...I already updated it..

ThisIsCyn - September 18, 2016, 2:56 pm

I get your trying to give back.

(Yeh I don't believe that in the slightest. You are doing to l33t and ubers because they can get your rep up)

Sorry mate it's not your source ? when I get home I'll make a thread giving it out to everyone okay
Guess I don't qualify as great because I didn't pay for an upgrade. Mate I've contributed more than you

Funny how they both have " _ " In their name, and also horrible English..

So yeah, don't trust this guy

Lor?d - September 18, 2016, 3:12 pm

You know man. This looks pretty familiar.

Oh Imfao that's why.

After seeing previous threads and the user's rep, I don't find this safe.

If you want a VPN source I recommend: <https://github.com/TachyonRSA/Epsilon-VPN-Client>

Ninja - September 18, 2016, 5:32 pm

Why capitalize random words?

Why not give it for free to everyone? Its not something special.

Also, I wish I was "Ub3A" so I could get the source. ;(

ParadiseDealz - September 18, 2016, 7:54 pm

This user is infecting members no doubt with that and he sent me malicious codes on skype and says sorry then send on my other skype again says sorry deal with caution this skid is infecting members in HF

Clint Eastwood. - September 19, 2016, 2:52 am

This source code is leaked on the market for AGES!
You just sell it and try to make profit from anybody,

nazist - September 19, 2016, 5:22 pm

any one have this source provide me link ! thx

ByMySide500 - September 23, 2016, 3:28 pm

Thank you so much for dis sir I love u

zarlo5899 - September 28, 2016, 4:07 am

why dont you just have the Source Code on github

mokpono33 - September 28, 2016, 5:56 am

Nice Broo..
Thanks For Sharing

lilmhack05 - February 20, 2017, 3:42 pm
