Thread: [5\\$ Money method \[ONLY WORKS FOR CREATIVE PEOPLE\] \[VOUCHED\]](#)

Herodionus - September 18, 2016, 6:38 pm

Before you read any further, no this isn't an ebook, no I can't promise you thousands of dollars. What can I do? Based on your creativity and solving real world problems you can earn 20\$-100\$ PER solution.

This method is almost nowhere else, I checked on the latest problems solved, 20-28 submissions, there are multiple winners per each. This is what I got after submitting a solution "While you wait for results, we recommend you solve another challenge and capitalize on your creative flow. Typically 50% of all submissions win something."

Countering what I said earlier it is possible to earn thousands if you are VERY creative and knowledgeable, personally earned about 50\$ from this a while ago but I'm not creative enough ? so just PM if you are interested in this.

I might do a vouch copy depending if any very reputable member asks, but only one as I don't want to heavily saturate the method.

Please don't get mad at me if you try this and doesn't work for you, I'm explicitly saying now you need to be creative and good at solving real world problems for this

WILL BE WILLING TO GIVE THIS METHOD FOR 1\$ TO REPUTABLE MEMBERS

This was a free ebook I received from Herodionus

Content: Very scarce and only about 2 paragraphs but the method is solid. The more of an intellectual person you are the better your chance for earning more money.

Value: The dollar price tag is very interesting as it should be. Even if you don't use this method it could spark other methods in your head. Well worth the price

Writing and spelling: Easy to follow and well written. Takes only a minute of your time to read and fully understand.

Overall: 6/10 It's short and sweet and it works, nothing else.

Sorry this review was s short not much for me to talk about other than the fact I can see myself making money from this.

Vouch copies 0/1

Unless youre a huge account i wont give anymore

May I please get a vouch copy? I will review this method :)

Stashy - September 18, 2016, 6:56 pm

You haven't made a fine line of what classifies a member as 'reputable', so I'm going to go ahead and volunteer myself as a vouch since you're offering.

Romping - September 18, 2016, 6:56 pm

Please send me a vouch copy as well, I'll review on it right after.

Well this is more of a method, once you buy it I send you the method on how to do it, it's about two paragraphs. Short, sweet and to the point

Plexcoo - September 21, 2016, 2:41 pm

Do you view me as a reputable member? If so, feel free to hit me up with a vouch copy so I can provide an in depth review of it. I am a graphics designer so perhaps the "Creative" part could apply to me.

Can hit you up with a vouch if you can make me a thread design :)

Well certainly it's a method, it's an explanation of how to do something. The overwhelming majority of the documents labeled as 'eBooks' on this forum contain methods for doing this or that. Many of them are delivered in short paragraphs via PM, too. If you put what you're sending in PM into a .pdf file instead, would you call it an eBook? ?

Just found myself curious why that statement was in the OP lol, there's no difference really between this and the others. Good luck with sales anyway.

Herodionus - September 21, 2016, 4:19 pm

Thanks man, it's a great method I might Jack up the price soon
