EntrepreWhore [Mentorship]

How to run a truly 'Next Level' eWhoring Empire like a Business on AutoPilot

Background Info About Myself: For those of you who don't know me, I have earned a sort of unique reputation to think outside of the box with some of the most efficient & unsaturated methods I've introduced to the HF community, especially in the eWhoring forums. I've also released automated KIK AutoResponder Bot [KARB] and taught people how to hunt for new clients, effectively with new methods.

Back in May 2016 I released a revolutionary, ground breaking video that gave an inside look on my working AutoPilot eWhore Strategy.

[This thread <https://hackforums.net/showthread.php?tid=5270942>]

Since January 2016, I have been working with REAL female models (18+) who CONVERT their customers like CRAZY! When real females eWhore, verifications become no problem, which results in sales like you've never experienced before. I want to stress that I DO NOT eWhore with this method. I am solely the overseer of the entire process, as I watch the sales roll each and every day.

Do we accept AGC? Nope, too time consuming for the client. BitCoin? Yeah right don't we all wish! SnapCash? It's only available for U.S...

::Drum Roll:: We accept ALL of our payments via PP. YES PP! How?? With my revolutionary STEALTHY methodology that lets all payments glide right through PP's radar as a 100% legitimate business transaction, which they are! No worries about getting limited, banned, or anything that would hinder revenue. This is a true eWhoring business, perfect for those who are ready to take their eWhoring skills AND income to next few levels. This method is 100% scalable with the sky being the limit!

Hypothetical: Probably almost everyone in the eWhoring forum has thought of this: Imagine how much money you could earn via eWhoring if you were a hot chick. You would probably quadruple your current earnings! Well now imagine if you had 5, 10, or even 30 hot chicks doing it all for you while you watch all the sales roll in right from your phone/computer! When I teach you the workings of EntrepreWhore, that fantasy becomes a REALITY. It's been my reality since the beginning of 2016. With a few tweaks and shifts over the months, our business model has crystalized into a money magnet.

This will be a multi-day mentorship to get your eWhoring empire up and running from zero to full-throttle on AUTOPILOT! I will teach you EVERYTHING you need to know and walk you through the ENTIRE process step-by-step.

THIS METHOD WILL NEVER EVER BE SATURATED, EVER

And you know what one of the greatest parts of EntrepreWhore is? Guys will come back to you to see your new models on their own! Repeat customers that are generated by REAL female models!

That's INCREDIBLY better than any SEO traffic generation anyone could offer you! Organic to the MAX!

Some key points you'll learn how to implement and tactics are:

Simple Web Site Design | Automated Text Messaging Alerts | Data Collection Forms | Auto Responder(s) | Analytics of traffic

Analytics of Model Performance | Traffic (in 1000's) | VIP Packages | Scaling Up Productivity 'Breaking Bad Method' | Sales Notifications | Hiring Female eWhores/Models | PayRoll | SnapChat | Plus MUCH MORE

This method will generate you thousands in revenue when you get it up off the ground.

I'd like to close with a famous quote

"The most effective eWhoring formula to success:

[1] 100% definitively, without a shadow of a doubt sexy, REAL female models

Looks promising but \$350 :o

GLWS!

Sc00by - September 20, 2016, 11:55 am

People will bitch and complain about your price, but fuck em.

If you are seriously looking to learn, don't be scared by this price. I know nothing about what is included in this pack, this isn't a vouch, or even a fake vouch.

This looks promising, by the looks of it, I have a feeling I already do something very similar to this, and if that is the case I wish I could have paid someone \$350 to sit down and teach me all of it, instead of figuring out a huge system over the years.

Good luck with sales OP. I'm certain you'll get some.

The price is only a seed of an investment compared to the oak tree of a business that will grow.

3 sign-ups so far. Continue to PM me with questions guys!

420coupe - September 21, 2016, 12:27 pm

Almost to the end of the year. Here are the earnings I've made from EntrepreWhore on basically autopilot in my first year of testing, tweaking, adapting, and implementation.

Now currently taking on a new batch of students for remainder of 2016 and beginning of 2017.

PM with questions!

You cant even make 2k monthly on a consistent base. So nothing too crazy there and (imo) not worth the high prize.

mackmall - December 20, 2016, 1:06 am

Are the majority of the earnings in the screenshot going to the girls who work for you? What percentage of that goes to the girls and how much is your profit?

graham55 - February 23, 2018, 1:03 am

Is this your 30% cut bud? What's the earnings for the girls over the year?
