Heartboy - September 19, 2016, 8:57 am

I love every day, because days and nights don't technically exist. We're constantly living one continuous moment.

Tuesdays are the worst, the weekend isn't even in sight yet and the excitement of starting a new week is already dead.

Raleway - September 19, 2016, 8:43 pm

Sundays, I don't hate Mondays because it's always calm and fast for me.

AzCh - September 19, 2016, 8:48 pm

Tuesday for sure. Got lectures from 9AM - 9PM. My fault because we were given time to make our own schedules but I'm lazy as fuck. Usually don't get a lot of sleep on these days either, usually because of homework or HF, like today. Only have 2 classes on Monday and an optional tutorial so it's not so bad.

2073436 - September 20, 2016, 8:19 am

People who think they will hurt me in any way by sales trashing my threads.

Uhh, no, just kidding.

I hate it when you're in a discussion and you have a strong argument but the other dude just doesn't have enough intelligence to actually understand it so you just give up.

Edit:

Oh, what day? Tuesday because that's just a day which goes by and nothing productive happens

Mouse? - September 20, 2016, 8:21 am

Every day except Friday, Saturday, and Sunday.

Yin Yang - September 20, 2016, 8:24 am

Monday's because it's the start of the working week. I work Mon-Sat and one day isn't really enough to relax and have me time.

Joel - November 13, 2019, 9:57 am

All of them mate, worst is probably Saturday though.

Bossk - November 13, 2019, 9:58 am

Not a big fan of sundays. They're usually extremely bright and dark at the same time, and everything is hot and dusty.

squin - November 13, 2019, 10:49 am

I hate the anticipation of Friday and it's the day I have to speak to all of my coworkers that I am responsible for. So yeah, Fridays are the worst for me.

Apocryphon - November 17, 2019, 1:37 pm

Maxorg - November 17, 2019, 4:01 pm

The old me would of said Mondays, but now I've developed a mindset to appreciate each day that goes by no matter what rough patches that I may encounter. Keep a positive mindset and keep pushing.

Smexy - November 17, 2019, 4:02 pm

I almost hate everyday but that's personal.

Wafflemonger - November 17, 2019, 4:06 pm

My least favourite day used to be Monday, but at this stage I get to Work From Home on that day, so now it's not so bad. My least favourite day is Thursday. Weekend is so close, yet so far hahaha.

EDIT: Replying to threads from 2016 :).
