Thread: [Describe an Anime studio in 1 sentence](#)

**Aura** - September 19, 2016, 1:37 pm

Alright so since Day 1, I've been jealous of people who can rate studios like they know everything about it. They know what are the studio's strong points, weaknesses, etc. So in this thread, in order for me to get to learn more about the studios behind the Anime I watch (and for the others), I would like you to describe an Anime studio of your choice, in one sentence. You can do a bunch at the time if you want: Studio Ghibli, Madhouse, Pierrot, J.C.Staff, etc.

Pretty sure some of you are going to come up with hilarious stuff.

Hm, I could name some random studios off the top of my head that would be fun to describe:

Artland: "Cruising through space like its 1980"

White Fox: "Trippin' with mad scientists and the devil since 2007"

Toei Animation: "If I scream loud enough maybe I can defeat this guy"

Production I.G. : "Every anime is an onion, the more layers you peel the more it stinks."

Wit Studio: "Onii-san I.G. save me from the Titans!"

Season two????

Agreed.

Pierrot

Is only popular because they take the best manga and gut it into only a decent anime. (Talking about Tokyo Ghoul).
