Vouch copy requirements:

There are two vouch copies available, I will decide if you have enough rep and high quality posts to review this. By taking a vouch copy you MUST review, even if its a simple "1/1 very simple easy to read method vouch!" if you do not, I will be sure to leave a negative reputation regarding this situation and I will never let you get a vouch copy of anything I may sell on here or off site. I want an HONEST review, not something I want to hear such as "10/10 best ebook, easy to make money vouch for ze-slade he's the most trustworthy seller out there no doubt!", no cut that out I want to hear what you think and how I can improve upon this ebook to give the buyers the most high quality product they can get. if you don't think its good, please leave what may be bad about it, if its about the method send me a private message and I will be glad to talk this out with you to improve on it further.

Vouch copies 0/2

Official Review:

This was a vouch copy. I in no way have any affiliation or liability related with this product.

Writing: The product seems to be well written and relatively organized. It does seem to be a bit thrown together but it gets the point across as needed.

Content: The method makes sense. It has a few factors that determine how it will work and also depends on you. Without saying too much it is a unique method.

Value: Using this method there is a good chance you will make your money back and then some. It may take a small investment unless you have the tools available to you to already. I see you being able to profit from this quite a bit.

Overall: Ebook gets a 7.5/10 from me. Wasn't something mind boggling bit it isn't something that has popped into my head. Depending how hard you work and how much you play directly relates to how much money you will make.

Sent, that's the vouch copy. I am anticipating your review!

GloryToBe - September 20, 2016, 7:22 pm

I just read through the ebook and it's basically just a long paragraph explaining the method.

This method would work better if you were in silver (It might work in higher levels) and this could work if you wanted a couple \$1 skins a game but it will take a bit of work and it isn't guaranteed that you will make money. I also haven't seen this method before.
