Thread: [I bet that Trump will win. If I'm wrong, I will eat... \[POLL INSIDE\]](#)

Tostig - September 20, 2016, 7:49 pm

Title says it all. If Trump wins then I will eat something (it must be sensible and it cannot kill me) and post the video here for all you fucks to gawk at.

The only thing that I can come up with is a piece of paper (lined or printer).

If you have better suggestions then leave a reply and we will have a poll, but I do have veto power.

(If I'm right then one of the posters in this thread will have to eat the voted upon object, the "winner" will be picked via random.org with the post number being the identifier, so post at your own discretion.)

Reven?nt - September 20, 2016, 7:51 pm

I'm positive he will win too, especially with all of Hillary's health issues; plus we shouldn't forget about all the lies and corruption she's been involved in either.

I dare you to eat some pizza (in celebration to his winning.)

Vigor - September 20, 2016, 7:51 pm

I say if he doesn't win you have to go outside and eat the first bug you find.

BlazinBlunts - September 20, 2016, 7:52 pm

I dare you to eat 1 carolina reaper livestream.

ze-slade - September 20, 2016, 7:52 pm

How about some small legos?

Livestream, interesting. Any idea where I can acquire some? I've eaten them before and fuck me they were horrid.

Moneyroller - September 20, 2016, 7:53 pm

I think you should eat a palmetto roach :)

I am not a Hilary fan, but some of the stuff Trump says is just ludicrous.

Hinting that Hilary Clinton's Secret service shouldn't have weapons?

That's just asking for her to get killed. As much as I do not like her, I do not think death is the correct answer.

Besides that I dare you to eat a peanut butter banana.

Yin Yang - September 20, 2016, 7:53 pm
Good old fashioned earth worms

Djine te Kalifornien - September 20, 2016, 7:54 pm

One of them will win but in my honest opinion they both are not worthy to be president. We are basically choosing the lesser of 2 evils. They both have dirt in their past, present and no doubt future as well just wait and see.

Haven't seen you in a while man. Reminded me to change it from a +1 to +3 ;).

The Canadian - September 20, 2016, 7:55 pm

Take an earth worm, smash it up, spread it over a pizza and cover the pizza in milk, then eat the whole slice.

By smash it up I mean pound it to bits so its mush

Eat a cigarette but honestly, you wont do it - not because you are a pussy, but because Trump will win.

Djine te Kalifornien - September 20, 2016, 7:58 pm

Hot peppers seem to be popular. I'd have to get them off the internet and find a time where nobody is really home to witness me doing dumb shit.

Sharjah - September 20, 2016, 8:00 pm

Why not something super unhealthy? Like eat a 26 pound gummy bear?

Steve - September 20, 2016, 8:00 pm

I like the Carolina Reaper idea. You should bundle a whole bunch of hot peppers together and eat them all at once live.

I might do the trifecta if there is enough demand;

Habanero --> Bhut Jolokia (Ghost Chili) --> Carolina Reaper

Herodionus - September 20, 2016, 8:01 pm

Try a small house cactus, seen it done before.

When all the rich people back hillary its not safe to make these bets ?

Music ? - September 20, 2016, 8:03 pm

the problem with presidential campaigns and votes is that you want it to be ended so can see who wins.

meantime leaves everyone left curious

Vigor - September 20, 2016, 8:03 pm

I say do the Iron Man challenge:

1 Carolina Reaper

1 Gallon of Milk

1 pound bag of gummy bars

1 tub of Nutella

BitcoinLuxury - September 20, 2016, 8:09 pm

Enjoy the leggos bud (Jk, I think he will win)

Mafty Navue Erin - September 20, 2016, 8:11 pm

Don't do the Reaper idea unless you're eating 4 of them with a bottle of Fireball. Some idiot just ate 3 and downed a bottle of Fireball. And just to top it off you could eat legos afterward.

Engima - September 20, 2016, 8:13 pm

If you were wrong go outside and eat the first thing your eyes see lol

Tostig - September 20, 2016, 8:20 pm

Hot peppers seem to be the most popular...

I'll order them now.

Mr. Black Hat - September 20, 2016, 8:22 pm

Nice thread! I chose other, and specify I would like you to eat these nuts.

BR?ND?N - September 20, 2016, 8:24 pm

I wanna see you eat a bug tbh

Comic Books - September 20, 2016, 8:29 pm

Carolina reaper is the hottest pepper we have grown yet. Ive heard of people getting hospitalized from ghost peppers, and these are a lot hotter than those. I wish you luck however. Personally i think its almost impossible to predict who is going to win. Guess we will find out in November.

BlazinBlunts - September 20, 2016, 8:30 pm

Glad to see you picked my option haha, are you going to live stream?

Polls, although can,be innacurate show them within the margin of error so its basically a 50/50 if the election was held today theoretically.

I've eaten Reapers in school before, I was in pure agony then and I was in even more agony when it had to pass.

CinemaSins - September 20, 2016, 8:33 pm

I think you should drink the worlds sourest drink..

If he doesn't win I think our top priority will be having a criminal leading our country... Ohh and eat a lit cig if Hillary wins.

NoObInT387 - September 20, 2016, 8:34 pm

I'd def go with the peppers option but he isn't going to lose so you have nothing to worry about man.

Couldn't agree more, but we got two options here and I feel Trump is a better choice ovwr Hilary.
