Thread: [Scammed by King of Diamonds - UID 1164025](#)

I was simply looking to purchase a bit of AGC and I can't tell if he's attempting to ignore me or what. I do not know.

Sent \$75 to the user for \$100 AGC and he isn't responding.

My address is: 14h7BUM73sE4rrmgsBDwr1yji1EnqdzKuf

Send me the confirmation after sent and I'll send the code.

Can you still sell? :)

I've got \$200 BTC total, so if you want to buy that at 75% I'd be happy to do that.

Uh unfortunately I only need \$100.

You looking to buy? Don't think I received yet.

There should be enough confirms now.

Prophett - September 21, 2016, 11:01 am

Provide screenshots. I doubt he would scam you.

Hash G. - September 21, 2016, 11:01 am

It's not King of Hearts man, fix your title. And add the uid.

Skeetz - September 21, 2016, 11:02 am

I doubt a staff member would scam. How long has it been since you sent him the money? he's probably just busy right now.

Edit: Not the same guy. Post some pictures for proof op.

Tsunfire - September 21, 2016, 11:02 am

Sorry my bad, King of Diamonds.

Why is this?

You do not have permission to access this page. This could be because of one of the following reason.

King of Diamonds - September 21, 2016, 11:25 am

I've read this and will be messaging OP shortly, I just didn't get a chance to send it. Jesus.

It's been like two hours. You don't make scam reports after 2 hours... Wait 24 hours hate usually how it goes.

I've only been on this particular forum for two days now, sorry.

Simply a misunderstanding. Please send me a message soon. I may miss out on this shipping opportunity.

Still have not received?

King of Diamonds Wrote:Mirai Wrote:King of Diamonds Wrote:Mirai Wrote:-snip-Delete the scam report and I'll send the money. Just want to be sure it ain't up after I do so.

I can't delete it, can you send it now? I will update. Please just give code.

Update it and the code will be sent shortly.

King Of Diamonds has also purchased something from me and states he'll pay me via BTC. I will edit this once he sends me the 40\$ he owes me. He has stated he's been at school all day so hasn't been able to send but is now supposedly at home and still hasn't sent.

Tsunfire - September 21, 2016, 2:49 pm

Welp. I guess that settles my first deal here. I knew I should've just bought from Gyft.

Tsunfire - September 22, 2016, 5:42 pm

Everyone please be careful, user gave me a negative reputation and has not resolved the case.

Tsunfire - September 23, 2016, 6:26 pm

This is NOT resolved, DWC everyone.

Raleway - September 24, 2016, 6:55 pm

Has this been resolved yet? It's been a day. I heard he was trying to pay back the other guy he scammed but no word yet.

Awww. Thanks. ?

King of Diamonds - September 24, 2016, 8:37 pm

P.S. If you were wondering... I explained to curt. It might take some time, I myself got scammed by the guy I usually buy AGC from. (Not on HF.) That's why this is taking so long. Because I bought in bulk from him, and he fucked me. I'm sorry I didn't state it earlier, but that's basically it. I got fucked myself buying in bulk. I'm quite sorry for this inconvenience.

Tsunfire - September 25, 2016, 4:15 pm

Well that sums up this thread. Closing now.

VeloCityMods - September 25, 2016, 4:16 pm

Rip looks like he got closed man.

Won't be paying you back):
