Stashy - September 21, 2016, 3:19 pm

Played throughout the entire beta while it was available for those few days. I am completely in love with the air combat.

Winning would save me a fortune. Entering for a PC copy.

I really hope the matching IP on my Trustscan doesn't hurt my chances or even exclude me. It's the TEMP account I made for when I idiotically locked myself out of my account a few months back due to 2-factor authentication.

Best giveaway I've seen so far. ?

Very few games show ww1 combat outside of the western front.

The war wasn't entirely fought in the trenches.

Would like to get a copy ;) #Holidayswhenitwillbereleased

Dark Neko - October 7, 2016, 11:36 pm

I am a long time fan of the Battlefield series and I would most definitely like to play the latest installment. Especially considering how much I enjoyed the beta, I put in quite a few hours into that one map. I have feeling if everything goes right, this addition to the series may rival my enjoyment of Bad Company 2. Thank you very much for this giveaway.
