Win 5 dollars BTC by helping me come up with a slogan for my repair company, Tech Surgeon.

Open to all users. Hopefully picking winner today.

The Silenced - September 23, 2016, 3:09 pm

"Slicing into your mobile life"

"Doctoring your mobile life"

"Saving surgery for your savory technology"

"Leave it to the tech surgeons"

"Saving your mobile/digital life"

"We're the cutting edge of the repair business". or something else with "cutting edge" ie surgeon's scalpel.
