Quality - Just got those headsets yesterday , i must say they are high quality , when i put them on i cant hear any background noises (house noises , speaking etc), only hearing the game with GOOD quality , there is 2 leds on the both sides of the headsets , a volume controller + mute/unmute button.

Delivery - Was fast for me , 3 days after my payment has been confirmed , i got them 2 weeks after , packing up and in great quality without any scratches and looking problem.
