Thread: [\[NON-UPGRADED MEMBERS\] L33t OR 3p1c Giveaway - \[1/5\]](#)

Confound - September 25, 2016, 12:44 pm

This is the 1st of 5 Non-upgraded member giveaways, where I will be upgrading 1 member per week, for the next 5 weeks.

I repeat, this contest is for non-upgraded members only.
You may choose from:

Or

Requirements: Your account must be at least 3 weeks old.

You must have at least 50 posts.

* You must have a positive reputation of 10 or higher.

In your post below, you must answer two questions in a detailed, thoughtful, and extensive manner.

1. Why do you use Hack Forums?
2. How do you plan on contributing to the community once you are upgraded?

Details:

1. Each winner will be decided by me based on your replies.
2. The winner for each week will be chosen at some point each Wednesday. The first winner will be chosen this upcoming Wednesday, and each consecutive winner will be chosen each following week.
3. If you do not win in the 1st giveaway, I encourage you to re-enter in the following weeks.
4. Good luck and have fun.

Mr. Corleone - September 25, 2016, 12:46 pm

1. Why do you use HackForums?

I have no friends so I try to make friends on hackforums and shit did you just capitalize the F? ewww

2. How do you plan on contributing to the community once you are upgraded?

Fuck that, I just want l33t so I can +1 my real niggas.

Prophett - September 25, 2016, 12:51 pm

1. Why do you use HackForums?

I'm a college student and am busy during the week until I get home, which is when I have a lot of free time. I use HF to learn new things I have a particular interest in, and to expand my knowledge on existing topics. I enjoy talking to new people with similar interests and have made a few friends during my time here. I hope to gradually build my reputation throughout my stay to eventually create and sell projects here on HF.

2. How do you plan on contributing to the community once you are upgraded?

I plan on hosting my own contests and giving back to the community like what you have done here. I am very grateful for this opportunity and wish the best of luck to all member that have entered.

Confound - September 25, 2016, 6:33 pm

This will be a pretty easy upgrade to win unless more non-upgraded members are interested in making a post :)

BoroNest - September 25, 2016, 6:46 pm

1. Why do you use Hack Forums?

I use hackforums for vice's community and love to browse picking up bits of info all across site. Getting into marketing.

2. How do you plan on contributing to the community once you are upgraded?

I plan to contribute by posting very very high quality pictures of top quality marijuana and marijuana products including glass, hash's, and all other things related. I am also working on my first ebook witch will be free release. :)

Teresa - September 25, 2016, 6:52 pm

1. Why do you use Hack Forums?

There's a lot of knowledge to be had on this site and I'm looking to obtain as much as possible. This forum is also a one-stop shop for OGs and currency exchanges, so that's always nice

2. How do you plan on contributing to the community once you are upgraded?

Share some of my more basic money-making methods to people who may not have thought of them themselves (Sorry, have to keep the best ones private)

Silent Uprising - September 25, 2016, 7:56 pm

Hello Confound and thank you for this giveaway. I will be entering for

Why do you use HackForums?I use it as a place to educate myself. From the random topics in the [News and Happenings](#) to amazing tutorials in the [Pentesting and Forensics](#) section or even semi-dead [Networking](#) section.

Besides the fact that this place has so much information, it has extremely knowledgeable members in many different areas. With a click of a button you can send them a PM and begin a friendship. Sometimes you might learn a thing or too :)

Another reason I use HF besides learning or making new friends is drifting away from reality a little bit. Reading random peoples shit-posting sometimes makes you day. Every now and then I get a chuckle out of what some members post.

Lastly, I simply use because I have nothing better to do. My IRL friends are all busy. Don't feel like watching a movie or playing any games so I just pop on HF and browse through some threads.

How do you plan on contributing to the community once you are upgraded?Lately I have been seduced by reading posts in the Networking section, and I have a fair-ish amount of knowledge on given topics so I can help people with their network related problems or if there is enough attention I can make a mini-guide of what to expect on CompTIA A+, Network+, or Security+ certifications since I have passed all 3 of them recently.

Also I can try being active in the [Education Nation](#) section because I see people have questions that I know the answer to, but someone else has already answered it so I just decide not to post. If I where more active I know I can make a difference helping people with math problems or what direction to go for college (Ex. What they should major in or help point them in the right direction).

I also took a AP Computer Science course where I learned Java so I can do my best to help

people with Java related issues.

I really like how you have this giveaway for only non-upgraded members because it really gives non-upgraded members a chance to become someone on this forum. I've recently entered a ton of contests hoping to get upgraded but someone else wins. I just want to thank you for hosting this giveaway.

Draako - September 26, 2016, 11:41 am

1. Why do you use Hack Forums?

I use HF to learn new things, I wanted to say THANKS HF, and thanks all members who doing great job to make this forum full of fun and full of knowledge.

Its great place to be, and i know that i can come here every time i want.

HF is just like second home for me, i haven't seen better place like HF in my life, and this is 1st forum where i am so long.

2. How do you plan on contributing to the community once you are upgraded?

I plan on hosting my own contests and giving back to the community like what you have done here. I just want l33t..

mausmit - September 26, 2016, 11:51 am

Super cool gesture....I don't meet the criteria to apply for this giveaway yet, but watch this space. ?

Studios Sharp - September 26, 2016, 7:52 pm

Thanks in advance

Confound - September 27, 2016, 10:13 am

One more day to get in your posts guys. Be sure to explain in detail :P

Prepper - September 28, 2016, 1:12 pm

1. Why do you use Hack Forums?

I use Hack Forums to engage in the communities lounge, I like to discuss various things with other members and I also like to help with whatever questions I can that appear in the lounge.

2. How do you plan on contributing to the community once you are upgraded?

Well I plan on contributing whether or not I am upgraded, I do help out with questions of which I know for example a lot of automotive threads appear in the lounge and I answer them, I also do the same for other things I may know. I also like contributing in the gfx section when I can by offering free designs although I am not a professional at it. Over the course of the next week or two I plan on offering free services to HF only including hosting, reviews and a vpn service and hopefully as time goes on I will be offering more.

SanctualProductions - September 28, 2016, 1:18 pm

1. Why do you use Hack Forums? I use hackforums' because I am going to contribute a lot of innovative ideas here I will be opening multiple business's I already have well thought out I am looking to be a HQ member.

2. How do you plan on contributing to the community once you are upgraded? I will be able to post more HQ things

Danny Khalifa - September 28, 2016, 1:29 pm

Good luck to everyone who joined this contest!

Silent Uprising - September 28, 2016, 2:44 pm

(Sep 28, 2016 01:29 PM)Danny Khalifa Wrote: [\[CITE\]](#) Good luck to everyone who joined this contest! Thanks dude. Means a lot. We got 2 more entries today so I have a bit of competition. Either way, GL to everyone who entered.

@OP, when will the winner be announced? I've literally been checking this thread everyday for the past week..So much pressure! ??? Argggg!!!

Confound - September 28, 2016, 3:16 pm

That's funny that you just posted.

This week's winner: [Deep Pockets](#)

I wish you all the best of luck to next week's winner.

Your replies on this thread truly make a difference in regards to how I choose the winner. If you write out a detailed and heartfelt response, chances are you will win.

I encourage all users who posted in this week's upgrade competition to enter in the following weeks. You will have a greater chance of winning then.

Thanks to those who participated.

Thank you dude! You seriously are the fucking bomb. Ily no homo. You changed my life here on HF. I hope you get whatever you are striving for in life. You're an amazing user.

stabil02 - September 28, 2016, 3:31 pm

Well done to the winner and thanks for the giveaway

146918496 - September 28, 2016, 3:35 pm

1. Why do you use HackForums?

I like the community here, find helping people entertaining, and I enjoy meeting new and interesting people.

2. How do you plan on contributing to the community once you are upgraded?

I think I'd like to continue to try and contribute to the community, want to +1 the people who deserve it, and think overall it'd help me meet more members.

cool and generous giveaway, gl to all other applicants.

Younis Khan - September 28, 2016, 3:40 pm

I'd pick L33T if I won pls, thanks.

1. Why do you use Hack Forums?

Honestly, I don't know. I really like the community and such. There's no better place to learn how to earn cash or talk to random people. Plus the rep system is really a good thing on here, you can see the stupid shit people have done by seeing their negative reputations. I've learned a lot on HackForums. A lot of the times while browsing the internet I just think randomly of things that I might be doing wrong if it wasn't for HackForums. In fact if it wasn't for HackForums I probably wouldn't use a VPN whenever I do blackhat things. ? HackForums has helped me learn a bunch. I've been here for a short time, only 2 years, but I've learned a lot on here. Recently I've been beginning to learn programming, HackForums has helped me with that with it's extensive amount of guides and open source code to play with.

2. How do you plan on contributing to the community once you are upgraded?

I'm considering opening up a service where I rewrite school assignments for cheap. At the moment I'd also consider trying to become a business partner with another L33T member (as I believe the rules say I can't be one unless I match the membership that they have). In the future, regardless of whether or not I have been upgraded I'm going to try and make a FUD crypter. Things are hard to sell, so while I'm still just playing around with an open source one I'd release it for free (and give proper credit of course). When I become more proficient in programming, I'll probably help out people with their programs. I often try to do favors for people on the forums, maybe I'll host a giveaway or something if I get upgraded, I dunno! We'll see what the future has in store for me and HackForums.

Prophett - October 5, 2016, 9:15 am

Are we allowed to enter again?

Elitas - October 6, 2016, 1:57 pm

1. Why do you use Hack Forums?

I'm a cyber security enthusiast and enjoy programming. I enjoy cracking hashes, coding and I help out a lot of people on here with the issues they have in programming, whenever I can help, and I also ask some questions. HackForums is both a place to educate myself aswell as entertain myself. I make numerous posts each day and have been here for a very long time. I was planning to upgrade my account using some funds I had saved up (was debating whether or not to do it) when my PayPal account was limited, because I transferred my paypal funds to a second account of mine by accident and PayPal locked me out. I know there are plenty more people in the same boat as me, but I've been here for a very long time and would love to have L33T and I hope I get picked. Thank you for the giveaway, I know I'd love it and so would a lot of other users!

2. How do you plan on contributing to the community once you are upgraded?

I don't think an upgrade would affect my contributions, as I still help a lot of people when I can. I do think it'd allow me to +rep users who are HQ and would allow me to change my nooby name xdd. I would probably begin selling products (when I have time in the summer) as I'm able to code Java bots which could be of some use. I have given away a lot of useful methods/files (like how to make free international phonecalled, you should check it out!) and I plan on offering a better version of those methods for a small price (so I can build bank and maybe become UB3R one day). I can't do much during the year as I'm quiet busy, but I do help out some people from time to time. In the summer I will be very active again (hopefully) and will become more active once more. I can see myself being on here a long time.

Thanks for the giveaway! ? I will be entering for

HeyBuddy - October 6, 2016, 2:23 pm

Hey Buddy! I will be entering the giveaway for

1. Why do you use Hack Forums? I use HackForums to shitpost extremely close minded and very commonly unfunny content.

I also use Hackforums to sell my doxing services and take down Criminal Organizations; Currently working on taking down a .Onion that has 40,000+ Users and hosts Child Pornography, Molestation, and Rape.

2. How do you plan on contributing to the community once you are upgraded? I plan on spending most of my time in the Deal Disputes and throwing in my two cents, while spending excess time in Marketplace making sure there are no Rippers.

i also plan to furiously masturbate 4 - 5 hours a day.

146918496 - October 7, 2016, 3:19 pm

1. Why do you use Hack Forums?

I enjoy getting involved with the community, and I find myself constantly learning new things, helpful tricks, and cool methods.

I find myself not only enjoying learning all these new things, but enjoying giving back as well.

2. How do you plan on contributing to the community once you are upgraded?

I plan to continue to contribute and help members in the community as much as possible, And try to help members to a more extensive extent.

Wander - October 8, 2016, 4:48 pm

May I nominate a non-upgraded user?

This member (<https://hackforums.net/member.php?action=profile&uid=3045809>) is always really helpful in the SEO section. He is an HQ user and I think he deserves it.

Mafty Navue Erin - October 8, 2016, 5:19 pm

1. Why do you use Hack Forums? So I can shitpost.

2. How do you plan on contributing to the community once you are upgraded? Shitposting.

BannedOffline - October 8, 2016, 5:34 pm

1. Why do you use Hack Forums? I like to help everyone solve their problems XD.

2. How do you plan on contributing to the community once you are upgraded? Providing Remote DDoS Protection/Webhosting (free).

friendlywebguy - October 8, 2016, 8:54 pm

I will be back once I meet the minimum requirements.

Aryan_Ahir - October 8, 2016, 10:24 pm

1. Why do you use Hack Forums?

For learning, Fun, Enjoying, Spend Time with grate community .

2. How do you plan on contributing to the community once you are upgraded?

If i m upgraded, its good to me and also HF, because upgrade opens some more doors for me and i

learn many new things, and also contribute some creative and amazing method.

Sharing Is Caring . :)

Daniel Day-Lewis - *October 9, 2016, 8:10 am*

Hey man I'm applying for

My account is only about a month old, but I believe I've racked up some decent numbers for only being here a short time. The main reason for my application is because I get post limited for the 40 posts per 24 hours in the Lounge daily, and I'm sick of it.

1. Why do you use Hack Forums?

I mainly use HF for the community. Its the only clearnet forum I frequent as the other forums are "strictly business" I would love to be able to post in the lounge more, however I have helped people out in the PI section as well. PI/SE work and data collecting is my main field of practice.

2. How do you plan on contributing to the community once you are upgraded?

I plan on posting more as I wont be restricted, as well as posting tutorials in the giveaway and PI subforums. Also, the raised pm limit will help me share more data because im always full and missing pms. This upgrade would help me out tremendously op and thank you in advance for the giveaway.

Elitas - *October 9, 2016, 12:48 pm*

When will the winner be announced? Just wondering if there's a specific date that I can check the thread on? Thanks in advance for any reply. :D

Patzan - *October 9, 2016, 5:02 pm*

1. Why do you use Hack Forums? I use HF to deal and to spend time doing the most fun thing i'd like to do, all this forums stuff :P

2. How do you plan on contributing to the community once you are upgraded? I would like to get upgraded to be more tursted here that deals will be easier for me and i will can protect my account with the 2fa and some more stuff, thanks bro
