Thread: [Need an image photoshopped for a team logo. Can pay in Bitcoin.](#)

Caseymillerlite - September 25, 2016, 2:05 pm

I need an image of the flintstones car where they have the waitress put a rack of ribs on the tray and it tilts their car (I can link the image if you pm me) edited to remove all background things and everyone in the car. Leaving nothing but the car and the lady and the ribs. It's for a bbq competition and I need the image for our team logo.

Any help would be appreciated and I can pay through Bitcoin if the price is reasonable. Thank you guys...

I can do this for you, depending on how much you're able to pay.
