Thread: [3p1c Question](#)

Maeko - September 25, 2016, 2:35 pm

Hi,

Now that I am L33t, I was wondering, if I were to upgrade to the rank 3p1c would it change primary group from L33t to 3p1c or is 3p1c a additional group?

Thanks, sorry if this has been asked before.

You can choose which one you wear.

You'd be able to set epic as your display group by going to group options.

Prophett - September 25, 2016, 2:36 pm

You will be in both and can choose which to wear at any time.

I think 3p1c is an additional group

So I'll have all the L33t features still?

L33t only disappears when you upgrade to ub3r

Just go to CP then scroll down to Group memberships and select your 3p1c rank.

edit; or l33t, whichever one you want.

3p1c counts as an additional group, it doesn't replace l33t.

This totally isn't a epic question and I feel let down.
