Thread: [Gary's Adventure with friend](#)

Gary - September 25, 2016, 10:39 pm

And then, at the worst possible moment. It happened. Again.

Gary gazed at Nevieth.

It was impossible to resist this time. Like a pure black horse Gary was pulled towards Nevieth. It was a like melee in a war. It was a like a wand piercing through His heart. (and other lower regions of the body) It was a like magnets.

There was No resisting. No mercy. No Pants. No longer anything else mattered.

Nevieth looked shocked and then...and then...not shocked. He had known all along.

Of course. How could Gary have been so stupid? Those long looks at eachother, the times they gazed at the stars together, the candle lit dinners. The steamy showers.. The non stop sex.

It wasn't just friendship. It never was. It was more and Nevieth had known all along.

"I knew" Nevieth said.

"oh" Gary said, realizing all this for the first time.

But there was more...Nevieth wasn't pulling away. He was pushing tighter. Holding Gary like a wild wolf.

At some point their clothes came off.

They got ripped in the process of the pashioning

He didn't care. This is what He had needed for so long. too long. Arn. maybe more.

But this was now now.

Gary and Nevieth together at last!

They canoddled like lovers and made love with their naughty bits.

They took it in turns inserting their bits into eachother. Gary inserted his bit into Nevieth. Then Nevieth inserted his bit into Gary. They repeated this a few times.(Toys were used)

Afterwards (when they had finished cleaning their bits)they looked at eachother longingly.

But they knew they must leave.

They didn't want anyone to see.

Gary took one last look at Nevieth.

"Goodbye my snuggly one"

"Love you too, my one and only Gary"

And then they departed.They exited Gary's wheels and they stood before the place Nevieth had been assembleing his forces. It was the gateway to hell. And finally they got confirmation for what they had been expected all along... Nevieth.... was satan!

But that did not deter him. Gary could press on and 70 seeing his courage, his friends too found the strenght in themselves to push themselves to the limit .

But then they heard a loud noise, like the stamping of feet or like a bad car engine or when they try and make the ground flat enough so they can build a side-walk. All around them, hisdemons

appeared!

Nevieth had them. And Gary knew that what he was going to do with them, it wasn't going to be pretty! or involve much clothing!

But then Gary saw pure white wings sprouting from his bottom. Where had once been the golden and silver tattoos, Gary had wings!

Gary spread them out before him and stretched them. They crackled with power. They were at least 5 meters in windspan.

Gary then turned to Nevieth. He gawked in awe at him. It was a power he had not seen before.

"This power," Nevieth said, "This power is... I have never... seen... such power."

Even looked in awe at him. And then she said what everyone (including him) had been thinking but didn't dare to say: "You're an... you're an... an..."

"Say it, Gary said" "Tell the truth, I can take it!" Gary said as Gary felt the burning nerves in his body floating in his stomach.

"An Angel," said Nevieth in absolute and utter awe. "This I... I never have seen before"

Roger Waters and were just as much in awe. Though with Roger Waters, Gary knew it was because he just loved him so much. When Gary looked in his eyes, it was like Gary was drowning in a puddle of the deepest of colours. When he takes him every evening, ravages his bottom. And every night he asks him, "Are you truly from heaven" as his donger lays there, resting from a long and hard struggle. Now he knew the answer. And deep inside of him, Gary was happy. Happy that he could finally have him as how Gary am, not what Gary pretended to be.

Gary stretched his wings further and light came from beneath them, surrounding everyone in the syrinic light. The demons had to hide their hideous eyes beneath their wings as not to be blinded by the beauty of his light.

Nevieth fell down on his knees and raised his arms in prayer: "Oh god, let me live. Let me be a part of the light again@"

And Gary looked down upon him and Gary was about to engulf him more with his rays but when Gary saw it was hurting him Gary stopped. No one deserved such a fate like that. But Gary had to burn the evil out of Nevieth, else it would return! And so Gary did. Before them the portal exploded in rays of light and blue and greens and cyans. It was a wonderous spectacle to behold!

Roger Waters ran into his arms and whispered naughty things in his ear. That was what they were going to do tonight, after they're back and rested a bit. Then he would bang him so deep, his braciolo would come out the other side. Gary was looking forward to it.

Then Gary was crowned space emperor of hackforums and Gary would live many many lives after this one.
