Hackers for Hillary-

The title is pretty self-explanatory. We are an organization of hackers and smart people with a sole mission to elect the political prodigy, boss-ass-bitch, queen--Hillary Rodham Clinton.

We don't fuck around with cucks like Donald Drumpf, so if you are a pussy crybaby here to suck his orange chode, go jack off your tiny dick somewhere else.

If you would like to join, send an email to [email]hackersforhillary@gmail.com[/email] with your Skype and a short bio.
