Thread: [Help getting bots to connect\(yes im a noob\)](#)

MrBeardGame - September 27, 2016, 5:29 pm

I have everything set up properly well i am currently i guess i have been using the cc7.py cross compiler when i needed to use a cc2.py one. Secondly i cant for the life of me get any bots to stay had a guy go on and fix my issue for me but he dissapeared and i switched to a new server side and its acting up again he said it was an easy fix to my problem but easy to him and easy to me are 2 totally different things please comment with any help or hit me up on skype or kil pleaseeee any help appreciated!!!

No i will not give you root access. Teamviewer would be ideal so i can LEARN

Kik @ Ypks
Skype@ mrbeardgame
?

Rule one. DO NOT USE ANY TYPE OF AUTO COMPILERS OR ANY OTHER AUTOSSETUP
BULLSHIT

MrBeardGame - September 27, 2016, 5:42 pm

How should i go about doing it then lol i know im a noob man lmao

Just need a helping hand i had the net all setup created a login.txt and everything got it all 100% just the damn bots wouldnt join at all

This guy is smart as hell ^^^^ lol

J?son - September 27, 2016, 6:26 pm

Have you tried turning it off and back on again?

MrBeardGame - September 27, 2016, 8:52 pm

We tried everything the guy above your comment was on teamviewer with me for an hour or two and couldnt get it we figured out it was my cheap ass hosting that i paid 6 bucks for so i just bought a better server and hes going to compile it again for me . Hopefully everything works out. I strongly suggest people hit up that papi is kek hes a beast at anything net related he also has a stresser check it out zeusnet(dot)xyz ??

If anybody else has any ideas or can skype thatd be cool even if its not Telnet related and u got

something cool to share im always down to learn something new ??

can anybody help me out skype me @ mrbeardgame thank you in advance !!!
