Thread: [Selling HQ \[REAL PEOPLE\] IG Likes and Views || Starting at \\$1.50!!](#)

Remix™ - September 28, 2016, 9:07 pm

Hey everyone,

I have decided to open up my shop with providing HQ, Real, IG likes on your account. This method is useful for boosting the popularity of your videos and pictures on your Instagram. By doing so, you get boosted on the explore page, gaining you real HQ followers that are actually interested in what you post daily.

My prices are cheap, and effective!

The first 10 customers get the limited price below! (2/10 claimed) (BTC only for now!):

\$1.50 for 100 likes

\$3.00 for 300 likes

\$1 for 100 views

\$2.50 for 300 views

If a higher number of views or likes are required, I will be MORE than happy to provide this to you, and we can work out a fair price!

Thank you and I look forward to doing business with you!

"I am currently charging for the first 10 customers (BTC only for now!):"

Does this mean your only selling to first 10 customers and you only accept BTC?

Sorry about the mixup! I meant that I am selling to the first 10 customers at the price listed and for now, I am only accepting BTC!
