Looks promising, but every ebook ive bought is common knowledge. I buy the book, then realize i already know about the method. are you giving a refund option?

For now I am going to say no. However our ebook does not just give out "common knowledge". We provide an interesting method that can in some cases, make you 1k in one night as it did for me the first time I ever did it.

Not only do we provide the method but we go into detail about small nuances that can make or break the method.

The amount you make is totally dependent on how much work you put in and how well you execute the method.

Hahahaha Why would we sell an ebook on ewhoring and not title it "Ewhore handbook" or something like that.

This is most certainly not ewhoring

problems.x - October 14, 2016, 1:57 pm

Lol doesn't even relate to that faggot. Reported for sales trashing, goodbye.

kpown - October 14, 2016, 2:32 pm

soinds like someone was too lazy to actually follow the method LOL

?Enlightened - October 14, 2016, 4:49 pm

I just bought the method (order ID e687ce93473f if you don't believe me) and I can't believe you are both trying to argue that this is not ewhoring. this is 100% ewhoring and in fact extortion which is ILLEGAL no matter what type of person you are extorting. If one of these "people" were to threaten you with legal action and pass your very simple "anonymous methods" you can very well end up in jail. I don't recommend buying this ebook unless you really think you are invincible.

*this is not sales trashing, this is my review of the product that I just purchased.

I can't disclose the methods but it involves holding certain people for ransom/extorting them.

They just closed their sales thread. I want a refund because extortion is illegal and I'm not willing to break the law for petty cash. if they don't refund me within 24 hours a community alert will be made.

mvmt - *October 14, 2016, 7:28 pm*

Lol Maximus just flamed the shit out of both of these dickheads. Hopefully a refund is given.
