Thread: [Top 10 On File Ice Once Again](#)

I just thought I'd share some PPD earnings over the past couple days. Right now, I only do CPA/PPD part time as autopilot to make extra play money each month and this month will be over \$500 at this rate. Averaging \$15/day since yesterday.

Just remember, all things are possible if you put your mind to it. This is with maybe 1 hour online each week. Minimal work. ?

FileIce is dead if \$30/day gets you up on the leaderboard. Elther way, good job!

Didn't think PPD was still worth it. I remember the good old days when BOK1CA (or however you spell it) was here and he made like \$1K on a good day...

Good job nonetheless. Money is money.

Thanks man.

Also, I remember seeing him on the leaderboards. He'd make Facebook pages and pose as different stuff and get like 100,000 likes and go viral.

If I could ever find out how he got the likes, I'd make that much too. Lol

You can buy likes from some places, or bot them yourself :P
