Bungou Stray Dogs 2nd Season

Synopsis courtesy of MAL

Nakajima Atsushi was kicked out of his orphanage, and now he has no place to go and no food. While he is standing by a river, on the brink of starvation, he rescues a man whimsically attempting suicide. That man is Dazai Osamu, and he and his partner Kunikida are members of a very special detective agency. They have supernatural powers and deal with cases that are too dangerous for the police or the military. They're tracking down a tiger that has appeared in the area recently, around the time Atsushi came to the area. The tiger seems to have a connection to Atsushi, and by the time the case is solved, it is clear that Atsushi's future will involve much more of Dazai and the rest of the detectives!

Just finished watching it. Such an awesome serie. The opening was top tier and it looks like we might have a season 3 as well. Hell yeah, that's what I'm talking about.

Hell yeah, that's awesome. Though from the cover art, I guess it'll be a movie showing the past of Dazai and Chuuya when they were a duo.

As much as I liked this show, it still felt lacking somehow. Haven't had the time to really sit and find the answer but my rating of the show puts it at a cool 6.8/10. Art is great, characters can be intriguing and downright funny sometimes but all seemed a bit stagnant (aside from two characters). Very little re-watch value for me and the plot was surprisingly easy to predict most of the time. Still a great watch and quick watch.

Ofc, props for killer loli.
