My 2FA device was smashed and I didn't save my mnemonic so I was locked out of HF for quite some time. I got an OTG cable and used a messed up s4 screen to get in the authy app with another device I had registered and removed my 2fa :)

Welcome back friend glad you are here :)

**XzoRcisT** - October 3, 2016, 8:46 pm

That authy app really comes in handy :) welcome back!

**Bluffer** - October 3, 2016, 8:50 pm

I love Authy for that reason! I bet that was a big relief when you were able to activate your 2FA once again! Welcome back.

**FawkesSake** - October 3, 2016, 9:05 pm

Thank you all <3

Very good to be back

**ZuGgY** - October 3, 2016, 9:08 pm

Welcome back. There's good stuff and bad stuff about 2FA.

**rapidfire08** - October 3, 2016, 9:10 pm

can we please pour out some liquor for our boy fawkes.

**Melancholy.** - October 3, 2016, 9:15 pm

Welcome back pal ??
