Thread: [Bulk Edu Emails, Freshly made, 50 cents!](#)

Internet Bully - October 8, 2016, 7:08 pm

As an extension to my other edu email service, I am offering bulk prices now for a very good deal.

These are not cracked, I make them as they orders come in.

A few of the sites these work on are:

Amazon Prime

Microsoft 365

Apple Music

More can be viewed on my main thread in my sig.

5+ random accounts- \$1 each

10+ random name OR CUSTOM NAME accounts- \$1 each

25+ random name accounts- .50 cents each

Only accepting BTC and AGC

Prices from my other thread remain for single accounts.

I am able to have these ready very quick, check the thread in my sig for vouches.

I've had a few emails where they ask for more information when you try to apply for amazon prime, these are emails that don't have that happen?
