Thread: [\[\\$4.99\]Get Easy Money Using Gambling Websites\[No Gambling Involved\] Make Easy Money](#)

djordjamayna - October 10, 2016, 2:19 pm

Hello, I know an unique way how you can make money out of sport betting websites, without even having to gamble, yeah that's right.. what I am about to offer you is a very clever method that I would say 0,5% of the online gamblers know and is a very good way to make money. Using this method I make money for my 1000 BGN(500€) bets. Yeah that is right, I bet with money I make out of nowhere. Been using this method for about 2 years and I can say it works really well. Some cashouts:

method is clever and can definitely work but too bad i cant use it :/
pretty easy money :)

(Oct 11, 2016 12:06 AM)Zelix Wrote: [\[CITE\]](#) I got a copy of the method. Here's my review:

- The method is really good, it's profitable, and theoretically, this should be working. The profit is 20-25% from each investment.

If OP would give some good examples in the e-book, this would be worth more than \$5.

GLWS!

(Oct 11, 2016 08:31 PM)Username514 Wrote: [\[CITE\]](#) Vouch for this product. Op knows what he's doing and this will make you cash. You have to know how to do this without too much risk though, as there definitely is a risk factor. It is worth noting that this method requires an investment to work but I HIGHLY doubt that it will not work if you put in good time and safety precautions before anything else with this method. Thanks for the vouch, this is a solid method that I have not seen before, even though it makes so much sense. Good luck with sales op.

it's a very profitable method you only need good contact and search ability ,there is no way to no earn with this method

I feel like the ONLY way to make money using gambling websites WITHOUT gambling is through affiliates lmao. Still would be interested if it is not.

you can't receive pms. Waiting for more reviews & hopefully someone to buy it since this method is good, and I know I took a kick in my ass since I know that 90% of the people won't even pay, even though the method is good but nvm, karma watches ^^

ayamas - October 11, 2016, 8:22 am

hey, can i take up a review for you? thanks

djordjamayna - October 11, 2016, 8:30 am

Unless 3-4 from the previous people post their reviews I won't give more copies out. I hate the fact, that I'm 1000% sure this is hq product since I have used it myself with investments most haven't even dreamed for, and the fact that after I sent it they ignore me offends me.

Maybe you should mention the minimum \$50 investment before sending the method and asking for money off of them.

Unless I am blind you don't currently say that anywhere in the thread.

Uhh... I have a feeling that this is about taking advantage of odd differences between multiple betting sites, so you always win no matter the outcome. Is that true, OP?

Nothing like that mate. As I said method I'm using is very unpopular and doesn't need that huge

investment like yours
