I offered services like this months ago but no success so i'm restarting!

Did riding? Are you fucking retarded?

I don't know the guy I'm a fucking buyer whoever has the better rates interest me.

Why would anyone go with you when they could go with Niro who is more trusted and cheaper?

I'd hate to deal with an autistic fuck like you.

Internet Bully - October 12, 2016, 8:13 pm

Wheres the proof you even have these accounts, because that btc thread you just made about have
26 btc (LOL) is pretty sketchy, along with this

MiamiHeat - October 12, 2016, 8:15 pm

The other thread and cheaper and has a warranty. Just a recommendation to at least match his!

Op never got back to me about this anyway, even after I posted an PM'd. That's not really
professional imo.
