Thread: [\[HF Alert\] to all Memebbers. Biggest scammer on HF](#)

Vishnu™ - October 13, 2016, 11:45 am

So i will just go straight into it.

About Scammer :

Scammer real Name : "ABC" (censored, removed) aka Jason Stacks, Stacksamilli, King Yella etc
His Pic :

pic Removed :/ cause it is against rules

He belongs from florida, USA, and now stays at ontario, canada.

So first thing he is also on HF right now with his private account he never said to anyone. He is in scamming business since i guess 2013 or before.

He has scammed thousands of dollars online and as per my guess many Hackforums members

His old HF accounts. (only those i know)

<https://hackforums.net/member.php?action=profile&uid=1862873>

<https://hackforums.net/member.php?action=profile&uid=3109288> (King Yella)

So what happened recently is when he was on the account named "King Yella" where he was doing a giveaway because he got new \$600k house.

He asked HF users to add him on skype so that he can ask them in private to +rep him. btw he only gave away \$30 to the users. after some days or within a week his account was banned. at that time his skype was "crypto.genius", so he had HF members added to his skype. he messaged me that he want to do business with HF members. where he will post threads on HF from your account and will give 50 % of profit to you. i was flat broke so i trusted him (i know that is most foolish mistake i did which a 10 year kid won't but in his last account i.e King Yella he made some threads about selling products at cheap and he made some good money from it.), so that was legit.

Also i would like to add that he has a method to get some products for free like cameras, laptops etc. (i will give you some proof that he uses that method i.e social engg to get stuff for free.)

so back then i allowed him to make threads on HF on my account (My account was Kenny Schrub™ with good rep around 140+ rep and that's what he wanted).

he was going to sell the razer blade of 1k \$ for 250 \$ and instead he got in deal dispute with user "Kimberly".

i am not still sure who scammed whom, because Kimberly also has many scam reports. and after that 1 day my account was banned for being multi.

So i assume he made use of my account to scam. (well i know i am biggest idiot to give him access to my account, i never meant to deal my account.)

He is on HF since 2013 as per my Knowledge doing these things.

now let me add more things to this.

Proof that he tricks company's to send stuff for free.

<https://i.imgur.com/dz5q816.jpg> (from December 2015)

<https://i.imgur.com/M84Nqe3.jpg> (his last skype)

HE CHANGES HIS SKYPE ID's ONCE HE GET SOME \$ by SCAMMING

His previous skype ids :

radiationfk, stacks.a.milli, stacksamillion, stacksisking, crypto.genius

HF user GAGN filed a police report against him april 2015

link to thread.

<https://hackforums.net/showthread.php?tid=4797406&pid=50599325#pid50599325>

What he is up to ?

He is looking for HQ HF accounts using which he can make more money scamming and selling his free products

He has scammed \$5000 of one Guy (as per victim claims)

<https://stacksamilliscammer.blogspot.in/2015/07/stacksamilli-scamming-spree.html>

He had his company StacksaMillionaire and IlluminatiVisions which was scams as well.

Pretty sure posting IRL pics is against the rules, would suggest reading them and editing your topic.

Moseby - October 13, 2016, 11:48 am

Last time I checked, doxing members isn't allowed.

But I gotta say good job on the info. Can't really say if it's legit tho but it looks that way

Omni has said you are allowed to dox members, you just cant harass them or blackmail etc

but he is big threat to HF and members of HF should know about that scammer.
or he will just continue scamming HF members

Rezy - October 13, 2016, 11:51 am

add "learntoearn cash money" to the list of his skypes, He tried to act like Aftermath and scam me on their by faking middle-manning.

7amous - October 13, 2016, 11:52 am

His irl pic, ip, real name etc and no one has got this fat cunt yet WTF? I used to live in Ontario too if he scammed me and I still lived there I'd hunt him down.

Danny Khalifa - October 13, 2016, 11:52 am

Nice detective work op. Idk if all the info is correct but it looks to be.

Kursed - October 13, 2016, 11:54 am

Pretty sure DOXing in any way isn't allowed, and been covered multiple times by Omni, and is also in the rules.

Did a quick look, none of the skypes listed appear to have been resolved in the past, looks like the only way now would be to get his IP when in a call with one of them.

Vishnu™ - October 13, 2016, 11:57 am

Removed his picture and original name as it is against rules, btw if you need more info hmu.

Yes, but his old account is closed. So would you still violate HF rules when you post a picture of him?

Monostable555 - October 13, 2016, 12:06 pm

Thanks for putting this out here, he added me on skype and as soon as he asked to use my Account

You wouldn't really be breaking the "do not dox HF members" rule, but there's the "Personal Data" rule that doesn't allow you to do that, sadly enough.
