Sharjah - October 17, 2016, 9:36 pm

UPDATE: I've brought this back up! I am now accepting all users to join this giveaway, just have at least common sense!

I am looking to start up activity on my forum, and with that, I need content to be posted.

More info: <https://hackforums.net/showthread.php?tid=5429087>

I AM ONLY LOOKING FOR CAR ENTHUSIASTS. If you do not own a car nor care about the niche, do not sign up.

I am paying you \$.05 per post ONLY until Saturday as I do not want to make this a pay-to-post forum.

I am strictly only doing this to bring more content in, so do not half ass your posts

Post below with your username once done so I know you are posting to get paid by the end of the week

Minimum requirements:

10 Threads

Quality posts - no spam (If you are caught using short posts, it will be considered .5 post, unless it's obvious spam)

Is there a graphic section on the website? I might be interested in posting graphics art or anything to do with graphics.
