Lol so i just went on cs go lounge to look for trade offers for my shitty knife.

First thing when i put up the trade i get 3 of these messages from different people:

Thanks, I got a friend who's been trading for a while helping me out (real life friend) so I should be good I think.

Csgolounge being full of scammers is nothing new.

I went there once and knew it was a scam fest, thankfully I never got scammed.
