Thread: [Seeking FUD Crypter for exe stubs](#)

BlackHats2015 - October 19, 2016, 3:08 am

Now that Dragon Crypter seems to be no more, Im seeking a fully FUD Crypter with regular updates to give me the best chance of success

?

You can have a look at my thread : <https://hackforums.net/showthread.php?tid=5423090>

Its currently the cheapest and 100% FUD. Average FUD time is about 7 days, and Updates as soon as it have some detections.

Thank you Devil, Yes saw yours this morning before post.

Are you going to stay on the case with this, I know some start projects but after a few mths don't bother leaving us hanging and seeking a new product.

if you go through my thread you can see, I have spend more then 2 months in coding and testing this Crypter,

Why would i stop this Crypter if I can get it FUD easily and get buyers.

Dont worry brother, I am here to stay.

Yup, I'll be making one when I get of my lazy ass.

Got the code saved somewhere on my PC.
