Thread: [\[BRAND NAME REMOVED\] Help? \(girl & girl\)](#)

blobtown - October 20, 2016, 9:01 pm

I have no idea how to get hookups (im female) with the same gender lmao.
With guys, it's a lot easier for some reason.

But can anyone give any tips to how to escalate things into the meeting up irl or give an idea of how your conversations goes?

Most likely. If you're down, a lot of people will be down too.

Realistically sub-consciously most anyone that is on [BRAND NAME REMOVED] is pretty much into the entire spontaneous/physical attraction based mindset, so yeah pretty much say what you want, and get it.

I guess if it works for guys when they go for girls, it just might apply everywhere else. <3

On [BRAND NAME REMOVED] that shit is 100% easier cus you know they're into girls as well right off the bat.

It's in person that's a bitch ?

But just ask what their favorite food or restaurant is and tell them you'd like to take them there. Or if there's an event going on wherever you live, ask if they're interested and tell them you'd like to take them.

Simple little things.

1. You're 17, why are you on [BRAND NAME REMOVED]?

2. Straight up asking people to meet up usually doesn't work as well if you haven't talked for a bit beforehand.

You cant jus start fuccin lil shawty u gotta have the juice n shit. say some funny shit or jus mingle wit the thotiianas and ask if they wanna meet up or something.
can confirm that if you and you're matched partner smoke/pop pills you can get meet up within an hour, sesh and smash

Just ask girls to sit on your face so you can play their cunt like a harmonica. Works every time.

blobtown - October 21, 2016, 8:52 pm

Thanks.... :(I'm not good at this yo
I'm meeting up with someone tonight. Yeah simply saying "wanna meet up" after getting to know each other a bit works wonders.
