cigarette OR weed

Nads - October 20, 2016, 10:48 pm

Cigarette is more harmful than pot imo.

b?xxy - October 20, 2016, 10:49 pm

Cigarettes are more harmful, but weed can be in the long run if you get caught.
Cigarettes do more instant damage to your body though.

-X- - October 20, 2016, 10:52 pm

Ive only heard of people doing this if they either don't have enough to make a full blunt of if they are poor asf. Not a common occurrence for me at all.

This is not an opinion. I smoke both, weed & cigs. I can tell you from personal experience, that cigs are physically addictive. If I had 5\$ to my name, I would buy a pack of cigs over weed. Cigs kill millions of people. Weed kills nobody.

Tobacco is far more harmful than cannabis. It is however harmful to inhale anything so smoking it would not be the ideal way to receive the THC if you do not want to do that to your lungs. Cannabis butter is a blessing and I cannot thank the good lord enough for blessing this beautiful planet with such a beautiful medicine.

Cigarettes. The chemicals in those absolutely ruins your body. Although, smoking weed is not 'good'

for you, but it does have some medicinal qualities.

Yakless - October 20, 2016, 11:37 pm

This isn't even an opinion it's factual that cigarettes are much more harmful. Studies and statistics prove that.

BR?ND?N - October 20, 2016, 11:40 pm

Obviously tobacco?

It has so many carcinogenics it is ridiculous. Weed got thc, which is not the best thing in the world, but it looks like nothing when stacked against what is in cigarettes.

Yeah of course, the more you smoke the higher your chances are. I have been social smoking for a few years now though. I try and keep it to a few cigs only on the weekends and when I go out.

Marijuana addiction is all mental. Nicotine is both. Marijuana addiction is the addiction to the feeling of being high, you like it so you tell yourself you want more. Cigarettes, even if you fucking hate them, you'll still smoke because your body needs it.

Bluffer - October 21, 2016, 2:10 am

This shouldn't even be a question. Cigarettes are much much much worse than Cannabis which is used as a medicine.
