Who do you reckon will win?

Nezami - October 21, 2016, 3:16 pm

SKT probably but I want ROX to win for sure!

It'll be a crazy game regardless. It'd be nice to see someone else win worlds for once.

Nezami - October 21, 2016, 3:21 pm

It's weird to watch because SKT v ROX was last years final

Bengi is too good, crazy game regardless, was fun to watch.

I only saw the last few games but it was insane. The casters also did an amazing job hyping the whole thing up. Super enjoyed the close series from probably the two best teams in the world right now.

Dalcenti - October 22, 2016, 12:03 am

Looks like SKT won but ROX sure as hell came out looking strong after that King of poor performance in group A.

xShadowAlk - October 22, 2016, 3:47 am

ROX pretty much had the series in the bag but I guess they got too confident after 2 wins and ofc Koreans are the best teams as well as the best baron throwers (ROX).

Best series i have seen in a long time. The HYPE was so real in this one, this should have been the final 100%.

And the MF support pick wow. So fun to watch

I really doubt your game knowledge. They didnt. they surprised SKT with their MF pick and then it got banned. Also Peanutt out jungled Blank and when they switched to Bengi, Bengi out jungled Peanut

Can't agree more. This match was so much fun to watch. Should have been final 100% indeed.

I feel like Smeb was pretty underwhelming the whole tournament considering he was considered the best player in the world pre-Worlds.
