So, to start it off i wanted to learn a few things about hacking and how to do it. I have met him through a link someone posted about "whos most likely to go to jail and someone commented saying random person was a great artist at what he does so i decided to search for him and i found him and messaged him asking him to teach me this method ?. he said to add him on skype so i did. we talked and he told me u can pay me 100 dollars now and later pay me the 75 so i agreed with him he promised to give me socks to hide my identity as well as teach me his own methods to make me a couple hundred a day so after i told him im leaving to school and be back later he hasnt messaged me or returned any of my messages and has blocked me on skype as well. i hope he gets what he deserves and someone takes care of this.

Tell me, what is saying that meant to achieve? You want more rep for being such a valuable member? you want some attention from a user getting scammed \$100? why the fuck not just keep it to yourself lmao

I spent 20 minutes talking to this dude and convincing him to make a god damn deal dispute so people know that he scammed more than just one.

He was not going to make one, I helped him make one and what he should write.

Mind your own business ?

So you tried to buy like a how-to card ebook kind of? I mean it's not allowed on hf and the deal was done offsite what random person did is kinda shitty but I mean I think it was technically allowed :/

(Oct 23, 2016 07:46 AM)random person Wrote: [\[CITE\]](#) He messaged me offsite asking for lessons to commit fraud. =/

Which is why I was saying it was a dick move you kind of "scammed" him but really he deserved it in a round-a-bout way.

EDIT: Lucky clover :D

Op shouldn't have asked for lessons in "carding" but scamming is just wrong, pay the kid back and move on.

FamousHater - October 23, 2016, 4:07 pm

sounds like u got duped by looking at his blackhat awards thinking that they actually mean he is a hacker.

146918496 - October 23, 2016, 4:13 pm

Yeah, random person fucked over this other unupgraded member in a scam for \$600 earlier today.
