I bought some agc from [this user](#). All story here:
<https://hackforums.net/showthread.php?tid=5440289>

He is now trying to limit my pp account. I have an online shop and my pp account is vital for me. He sent me today more than 10 small payments

<https://s21.postimg.org/nu5nvng5j/image.jpg>

<https://s21.postimg.org/iws3aje6f/image.jpg>

He then opened disputes for all the payments.

He left a note in every transaction. Some notes left:

"Payment for the drugs, preions and steroids"

"Thanks for the ebook, will pay for stresser next"

"Payment for ebook send me it through email thanks"

"Payment for heroin, will pay for the e-cigarettes and forex"

"Thanks for the cocaine will place order for heroin next."

He sell carded amazon giftcards too. One of the giftcard I bought from him dissapeared from my balance.

Enzio - October 24, 2016, 3:24 pm

"Payment for the drugs, preions and steroids" I'm fucking done!

citsejaM - October 24, 2016, 3:26 pm

LMAOO, this kid really hates you if he's trying this hard

debilu - October 24, 2016, 3:33 pm

Yes, he is angry because I will find where he lives and will bang his momma.

Phone ebay support and explain the situation.

They will likely ban his account for this type of shit.

Irony is, he has admitted to crimes here, Paypal will not tolerate such activity within their service.

He most likely did it on stealth accounts.

None the less, he was likely dumb enough to use the same originating IP# for all the accounts. ?

Ebay's pretty good at tracking multi accounts that way.

Here is his first pp that got limited:

<https://s21.postimg.org/9axnf7wjr/Untitled.jpg>

Then he told me to send to this pp:

<https://s15.postimg.org/fhaymry0b/image.jpg>

I sent via BTC

<https://blockchain.info/tx/c2b807dc325c82f802478219deccc1d6ca657d6432ad5f8da944cea023f240b9>

He admitted that he uses fake passports and VCC.

He threatened me will limit my pp then immediately made 10 payments from 2 pp's, leaving notes about buying heroin or steroids.

<https://s9.postimg.org/gexju2sq7/image.jpg>

What proof about linking that paypal account to him? He's a kiddo, can't have a paypal yet, just uses fake id's and pretentds he's a black hacker like his ass.
