How is everyone liking it..? I seriously love the flashpoint episodes.. It's not like the cartoon version, seeing as I watched it 2 days before the episode.. but it was good, they seem like they're starting to step up on the graphics now

ALERT

Spoiler ([Click to View](#))that jessie quick and flash scene in the newest episode though..

Hate this season tbh, not that good, it's falling off. Season 1 and 2 were good though.

Yeah i'm not loving this new season .. It's like it's run out of story lines !!

New season of Arrow is much better :-)

I'm so late to this show, started season 1....liking it so far. Although it appears the new season is losing steam. Thanks for recommending this!
